COL. ELLIS ON THE SENATOR-SHIP.

While Col. Ellis was in Chicago he was run down by a Times reporter and the result is given below. It will be seen that the Colonel was not sanguine about Nevada going for Cleveland:

"What is the outlook in Nevada?" asked the reporter.

"I do not want to go on record as saying that Cleveland will carry it. It depends somewhat on future events. We will probably cast a total vote of about 15,000. The Democrats, as yet, have not made any canvass, or at least none worthy of mention, and no money has been spent on our side. We expect Senator Fair's aid and a contribution that will help pay expenses. How much he will put in the campaign it is hard to say, but it will not be \$50,000—possibly half that sum. He has been telegraphed to by the National Committee, and left Europe on the 11th, but what action he will take is problematical. There is a bitter feeling between him and John Mackay, and if Fair takes too active a part he will be antagonized by his old partner. The result would be good for the boys, but would make a stand off in the result. Possibly it will be better for him to keep out of it, as Mackay is not a very staunch Blaine man. Senator Jones has never been for him, and Sharon, who has considerable influence on the Comstock, is a bitter enemy of the Maine statesman. The Republicans are badly torn up over the attitude of their leaders, and are vigorously denouncing them. It is even charged that there is a conspiracy between Mackay and Jones to trade everything for the Legislative ticket, and let the State go for Cleveland by default, and this feeling may defeat Jones for reelection; it certainly would if the Democracy were in a position to make a vigorous fight. Mackay has contributed \$25,000 to help Jones out in his contest, but otherwise is up to the present, keeping his hands off."

"Has Mackay no Senatorial aspirations?"

"Not this year. The fact is, he wants to make a few hundred thousand dollars now more than anything else, and he is paying particularly close attention to the affairs of the Nevada Bank, of which he is the principal stockholder, and some mining investments that he has recently made in Arizona. He has lost a good deal of money lately, anywhere in the neighborhood of four or five millions, in different channels, although the most of it has gone into the Comstock in a vain effort to find a new bonanza. Then he has tied up a large amount of his capital in outside schemes, such as the Postal Telegraph and the new Atlantic cable, and he has concluded to devote himself to business in order to recuperate."

"You spoke of the total vote of the State not exceeding 15,000. Is not Nevada fast losing its population?"

"There has been a large emigration consequent on the giving out of the Comstock lode and general falling off of the gold and silver production of the State, but we have reached bedrock in that direction, and there will be a gradual gain in the future. Its mineral resources are not half developed as yet, and there is a fine field in that direction for years to come."

"Is it not rather burdensome on the people to support a State organization with so small a population?"

"Yes, the taxpayers have felt it rather onerous, and there has been a cry for retrenchment and the consolidation of the State offices. Both parties favor the calling of a Constitutional Convention to amend the Constitution, and it will doubtless be done. There are many reforms that could be made in that direction. Many offices could be abolished, and others consolidated, and the cumbersome machinery, that is ample for the government of a State as large as New York, simplified and brought down to our needs. This would reduce taxation, which now ranges from 2½ cents to 3½ cents on the dollar, down to a reasonable figure. Then we have nine District Judges and three appellate Judges. Five would answer for the former, and the latter could be done away with altogether. The State has a debt of \$350,000, all of which, however, it owes to itself, having taken the money out of the school fund, and loaned it to the general fund, and issued bonds to take the place of the coin, a rather intangible security, as if the State is bankrupted there is not much chance for the payment. However, matters are at their worst now, and I think there will be a gradual improvement in the future."

Mr. Ellis will be the Democratic candidate for United States Senator to succeed Jones, although he is making no struggle for the position.

The Greenback ticket was snowed under, it seems.

What the Government Loses.

S. F. Call.

In 1876 the Senate passed a resolution of inquiry as to the losses the Government incurred in the collection and disbursement of revenues. A revised statement in answer to this resolution has just been issued, which extends the period embraced in the inquiry to June 30, 1883. The statement shows the amount of taxes and the ratio of such losses to \$1,000, arranged as nearly as practicable in periods of administrations. It appears from this statement that the heaviest ratio of loss occurred under the administration of President Van Buren, when the amount involved was \$285,338.949 02, the entire loss was \$3,343,793 04, the ratio being \$11 71; that is, of every thousand dollars handled by the Van Buren administration \$11 71 was lost. James Monroe was the second heaviest loser. Every thousand that passed through official hands during the Monroe administration was reduced by losses by \$8 58. Andrew Jackson lost \$7 52 of each thousand, John Tyler \$6 40, James K. Polk \$4 68, Taylor and Fillmore \$4 19, Pierce \$3 56, Buchanan \$3 81, since which time the losses have been less than one dollar in the thousand. Under Lincoln, with all the vast expenditures of the war, the losses were only 76 cents on the \$1,000. Andrew Johnson lost 57 cents, Grant 24 cents, Hayes 3 mills and Arthur 1 1-10 mills. This statement shows an improving system, rather than superior administrative ability on the part of the Presidents. Monroe was a conservative and thoroughly honest President, but the system under which he worked permitted a loss of \$8 58 on each \$1,000 handled, while our present system has reduced losses to less than two mills on the \$1,000.

Exorbitant prices have been paid offered and refused for fast and promising trotters this season. Each year seems to be renewed enthusiasm with it, and men who have a decided taste for turf sports and wealth to back their fancies, are ready and willing to pay fabulous prices for anything that gives promise of making its mark in the ring. Encouraged by the prices which are readily obtained, breeders are working with a zeal and an enthusiasm never known before to breed such horses. It is a foregone conclusion that a man to succeed as a breeder of fast horses must be a man of brains and judgment, and must use them assiduously. Beginning with a good foundation of blood, the breeder who mates his horses judiciously need have no fear of the outcome. There is a ready market at remunerative prices for every animal that has any true merit.—American Stockman.

The Block System.

It is expected that the Westinghouse "block" system will be inaugurated by the Central Pacific Road about the 1st of January, as the plant has been shipped from Pittsburg.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. feb. 21-awt-lyr

The Election in Washoe.

The returns from Tuesday's election in Washoe county are all in. The entire Republican ticket is elected with the exception of Recorder, Assessor and Coroner. John B. Williams is elected Recorder by about 90 majority, Stoddard Assessor by about 50, and Harry Brown slips into the Coroner's office by about 20 majority. All in all the election was the most quiet and peaceful of any that has occurred in Washoe for many years. So far as known there was no disturbance anywhere nor any effort to secure illegal votes on the part of either party. The fact is, Washoe is a Republican county, and therefore the Republican county ticket was successful. For the office of Assessor there was in fact no contest, for the reason that the office was not named in the proclamation by the Commissioners the Board relying upon the constitutionality of the Fish law which makes the Treasurer ex-officio the Assessor. Mr. Stoddard will, of course, test the constitutionality of that law.

About this season of the year, as the almanac would remark, look out for the Oldest Inhabitant. He is weatherwise and seeks safety from successful contradiction of his prognostications by referring to precedents so venerable that the mind of the present generations runneth not to the contrary. But even the ex cathedra predictions of this harmless bore do not exceed the eccentricities of nature herself during the present Fall. For example, in Middletown, N. Y., a garden yielded its second crop of raspberries and blackberries, which ripened in the middle of October. In a Port Jervis garden a second crop of strawberries of excellent quality was 'oked after Ohio had gone Republican. a apple tree in Monticello had its wer branches loaded with ripe fruit, pile the top was a mass of pink blossoms—nature's nuptials of June and stober. Second crops of hay heavier an the first, trees that had shed their ry foliage only to re-dress in Spring reen, and similar freaks are also reported, from which it appears that the demoralization of a Presidential year is not confined to the trade and politics of the country.

At a meeting of the State Board of Orphans' Home Directors, held on Monday, George T. Davis of Carson, was awarded the contract for furnishing the Home with provisions for the quarter commencing November 1, 1884, and ending February 1, 1885.

The Ohio mine at Rebel Creek, in Humboldt county, has been sold to a New York party for \$50,000. For a long time it has been regarded as one of the most promising mines in that county.

The popular vote of this Presidential election will probably be somewhere in the neighborhood of ten millions. At the last Presidential contest the total vote was 9,204,428.

The very latest news indicates a Republican majority of 1,500 in Indiana.

Reno votes 511 No and only 27 Yes on the Convention.

OUR HARBOR DEFENSES.

A Recommendation to Spend Sixty Million Dollars on Them.

General John Newton has submitted his annual report of coast defenses. He earnestly urges that the harbors of our principal seaports be made impregnable to attack by the addition of guns of heavy caliber and other appliances known to modern warfare. Past events, he says, by no means justify the assertions made that our cotton and grain have become so necessary to nations that they could not engage in war with us for even a short period without interrupting their supplies of these articles. It seems to be forgotten that a descent upon our coast to hold our unprotected cities under the guns of a hostile fleet would consume but a few months, and in the meantime cotton and grain in sufficient quantities might be obtained elsewhere. The modern system is to make war sudden, sharp and decisive, and to make the beaten party pay the expenses. A board of engineers for fortifications has prepared an approximate estimate of the cost of fortifications, including armaments of modern heavy guns and rifled mortars for Portland, Boston, New York, Philadelphia, Baltimore, Hampton Roads, New Orleans and San Francisco, and another estimate, likewise approximate, for preliminary works of earth and masonry without armor, machinery and guns, to serve as an emplacement for guns. The total estimate is \$53,488,000. The estimate for the emplacement for guns excluding armor, guns and machinery, is \$10,388,000. These estimates have been made with care, and it is believed that fortifications, including guns in all the harbors on the coast of sufficient importance to tempt an enemy, can be prepared at a cost not to exceed \$60,000,000. The following estimates for '85 and '86 are made: For the defense of Boston Harbor, \$880,000; New York harbor, \$1,120,000; Philadelphia, \$133,000; Baltimore, \$132,000; Hampton Roads, \$66,000; San Francisco, \$900,000; the modification of existing forts and batteries, \$500,000; preservation of fortifications, \$175,000; purchase of submarine mines, \$300,000; casemates, etc., \$200,000; torpedoes, \$60,000.

The Useless Reservation.

The Walker Lake Bulletin says: We have an Indian Reservation in this county which is of no use to either Indians or white people. There is plenty of room on the Pyramid Reservation for all the Putes who are willing to stay away from the kitchen doors of the white men, and as one of the candidates for Congress will be elected, it would be well to have them both pledge themselves to use every effort to have the Walker Lake Reservation abandoned. Senator Jones would make many friends in Esmeralda county if he would give the people to understand that he would make an effort to have the valuable timber, mining and fishing district opened to occupation. Charity begins at home, and politics does also, some times. The laboring men, miners and business men of this county are much more directly interested in a large immediate increase of home resources than in any question of National or State policy. The leaders of both parties should be made to feel that the people here not only desire, but demand, that they have the privilege of entering and using the valuable tract of country which lies now unoccupied and useless. It will not be a hardship on the Indians, as they prefer the other reservation, and everyone knows that they would have better times if white men were allowed to build up a fishing trade on the lake. There is nothing political in this question and the men of Esmeralda county will remember kindly those who interest themselves in adding to its resources.

The North San Juan Times says:

Yankee Dodge was in town on Thursday and Friday of last week selling knick-knacks. Yankee Dodge is a character. He is well known all over the State of California, and has more friends than any other man in the State can boast of. He left here Saturday morning, going down the ridge.

HOME OF THE ROSES.

Sacramento to Have an Immense Floral Establishment.

The Sacramento Bee of Wednesday says of Joe Dillman's new enterprise: Workmen have commenced laying the foundation for another extensive building at the Bell Conservatory, the property of Mrs. E. B. Crocker. There is already there a large house with four extensive wings, and four propagating houses. The new structure is to be used as a rose house. It will be 85 feet one way and 54 the other. The foundation will be of brick. The walls will be about seven and a half feet high, the upper half being of glass in sash, so as to be easily removed. At the top of the height mentioned will be a deck. From this will rise glass roofs, there being four divisions, or four separate roofs and gables. Between each will be an aisle three feet wide running the full length of the building. This can also be used for the storage of the sections of the glass roofs, all of which will be removed during the Summer. In most of such houses the aisle is in the inclosure and about the center, which is the best place for the plants. The comb of the roof will be about ten feet high. The deck will be supported by large posts. In the space above the deck there will, before the Winter is over, be a blooming rose garden, and it is expected to cultivate there eventually 400 varieties of roses. Beneath the deck will be cultivated such plants as are hardy enough to thrive without the application of heat during the Winter. There will be no warming of any part of the rose house by heat other than that of the sun. W. P. Dillman is the architect, who also had charge of the erection of the conservatory buildings. M. J. Dillman has taken charge of the establishment and under his management and that of John McCallum, the florist, it is intended to make the Bell Conservatory one of the most extensive on the coast, and to build up a trade in flowers and plants with Nevada and the country surrounding Sacramento. From Chicago great quantities of flowers and plants are shipped to Iowa, Colorado, Nebraska and various western sections, and there seems to be no reason why Sacramento, the natural heaven of flowers and roses, should not supply less favored places, even to a thousand fold greater extent than has heretofore been done by the various conservatories here.

The New Orleans Exposition.

A New Orleans dispatch says: Director General Burke has completed his full report of the progress of the preparations for the World's Exposition. The main building has been completed, and exhibits are now arriving for installation. The extension of machinery hall, an iron building, requires only sash and flooring, making that hall now about 1,948 feet in length. But little space remains in the machinery department. The Director General notifies the State Commissioners that their exhibits can come along at any time. The building will receive exhibits on the tenth of November. Every State and Territory is now represented. The erection of the stables is progressing rapidly, stall being provided to show 1,000 horses. Suitable cattle and horse barns have been erected, and a stock arena half a mile from the track. A Wisconsin dispatch says Jay-Eye-See and Phallas will be exhibited. Arrangements are being made for noted horses, with stables 1,800 feet long, and the live stock exhibits will be the largest ever made before. The Mexican exhibits left the City of Mexico October 31st, via the Mexican Central Railroad and El Paso. The Commissioners of France, Mexico, Spain, Brazil, Portugal, Japan, Honduras and Guatemala are here arranging for the installation of their exhibits. Burke is arranging with Diaz, who will be inaugurated December 1st, to adjourn the Mexican Congress on the 10th of December, and also expects the American Congress to adjourn on the 12th of December, so that the exposition may be opened in the presence of the Presidents of the United States, Mexico, Central American Republic, heads of departments and foreign representatives. The action of the Board of Management in deferring the opening until President Arthur can inaugurate the exposition is warmly approved by the community. His warm support of the exposition is appreciated all over the South, and the management declare that it will be a source of intense disappointment to the people if it is opened without him. The delay will enable delinquents to get in position, and avoid much of the confusion incident to the opening of expositions. Burke reported to the management yesterday that if they would roof the park over, 257 acres, and give him sixty days, the applicants for space would fill it.

* Majorities over Lemmons.

THE "BATTLE BORN."

She stands by Blaine, Jones, Hawley and Woodburn.

Austin voted as follows: Blaine 429, Cleveland 262; Woodburn 422, Cassidy 269; Hawley 393, Seawell 298. Lander county is estimated at 175 majority. The Republicans elect their entire county ticket, except Clerk and District Attorney.

Blaine's majority in Ormsby county is 205, Woodburn's 222, and Hawley's 169.

The Republicans claim every man on the ticket in Eureka. Dr. Thoma did for Sadler what Fish did for Schooling. Humboldt county elects the entire Democratic ticket except Clerk. Cassidy has 200 majority in the county. Elko county gives Cassidy 70 majority.

Esmeralda is Republican by 150 majority, but Democrats elect their Treasurer. In Storey county Woodburn has at least 300 majority. The entire Republican legislative ticket is elected by 500 or 600.

Nevada and Oregon.

Early yesterday morning the graders on the N. & O. returned to the front. It will require about two weeks more to complete the grade to the Junction. About five miles of the track is now ready for the rails. The ties are all ready and the work of laying the track will commence as soon as the iron arrives. The iron was all ready to ship last Friday and is expected every day. As soon as it arrives it will be put down as rapidly as it can be carried to the front. If the weather holds good the cars will be running to the Junction by the 1st of December.

Township Officers.

The vote in Reno for township officers is as follows: Justice of the Peace—W. Young 384, J. S. Gilson 196, John Bowman 169. Constable—R. Nash 474, Matt Reihm 230, A. Wilson 36. Road Supervisor—John Douglas 429, G. F. Marsh 322. School Trustees—W. H. Gould 476, Geo. H. Taylor 463, D. D. Bowen 255, R. S. Osburn 289.

Geo. Catting and J. C. Pendleton who came in from Winnemucca to vote returned yesterday morning.

BREVITIES.

Theodore Winters went to the Bay last evening.

J. S. Knowles went to San Francisco last evening on a short business trip.

Ex-Governor Blasdel came in from Aurora last evening, en route to the Bay.

Mrs. Sauer and children, of Washoe Valley, went below last evening on a short visit.

Gov. Adams and U. S. Dist. Atty. Coffin came down from the Capital last evening.

Roll of Honor.

The following is a report of the Roll of Honor of the Franktown School District No. 1, for the months of September and October: September—Emie Brown, 5; Edith Towl, 5; Jennie Corecco, 5; Maud Thompson, 5; George Browne, 4.7; Thresa Corecco, 4.8; Linn Price, 5; Peter Crow, 4.5; Mamie Corecco, 4.7; Gidia Prezzoli, 5; Arthur CME, 5. October—Edith Towl, 4.9; Lake Price, 4.9; Thresa Corecco, 4.5; George Browne, 4.7; Mable Price, 4.6; Arthur Cliff, 5; George Lee, 5; Lucy Price, 4.8; Jennie Corecco, 4.9; Linn Price, 5; Emie Browne, 4.9.

NELLIE MUGNOVE, Teacher.

Naches Elected Chief.

The Plutes held a general election two or three days ago, and elected Naches "Big Chief," all the same as Old Winnemucca. Captain John had returns from Walker River, Pyramid Lake, Austin, Big Meadows, Fort McDermitt and other places, and are all for Naches, who, by the way, is off in the pine-butt country.

A Squaw Crushed by the Cars.

Amou, an Indian squaw of the Washoe tribe, had both feet crushed off by a passing train at the Summit last Sunday night.

All that is necessary to prove the truth of the statements which have appeared in the JOURNAL relative to the immense stock of men's youths' and boys' Fall and Winter suits, hats, caps, gloves and overcoats, which can be seen at the White House clothing store, is to take a walk through that store. Abrahams Bros. understand this market and have bought just what you want.

whose LIFE-LONG EXPERIENCE,
perfect method and pure medi-
cines, insure speedy and per-
manent cures of all Private,
Chronic and Nervous Diseases.
Affections of the BLOOD,
SKIN, KIDNEYS, BLADDER,
ERUPTIONS, ULCERS, OLD
SORES, SWELLING OF THE
GLANDS, SORE MOUTH,
THROAT, BONE PAINS, per-
manently cured and eradicated
from the system for life.

NERVOUS DEBILITY, Impotency,
Spermatorrhea, Sexual
Decay, Mental and Physical
Weakness, Failing Memory,
Weak Eyes, Stunted Develop-
ment, Impediments to Mar-
riage, etc., from excesses or
youthful follies, or any cause,
speedily, safely and privately
cured.

YOUNG, MIDDLE-AGED AND OLD men, and
all who need medical SKILL and EXPERI-
ENCE, consult the old European Physician
once. His opinion costs nothing, and may save
future misery and shame. When inconvenient
to visit the city for treatment, medicines can
be sent everywhere by express **FREE FROM
OBSERVATION**. It is self-evident that a phy-
sician who gives his whole attention to a class
of diseases **ATTAINS GREAT SKILL**, and phy-
sicians throughout the country, knowing this,
frequently recommend difficult cases to the
OLDEST SPECIALIST, by whom every **KNOWN
GOOD REMEDY** is used. The Doctor's AGE
and EXPERIENCE make his opinion of **SU-
PREME IMPORTANCE**.

Those who call see no one but the Doctor.
Consultations free and **SAFELY CON-

Wonderful German Invigorator
Permanently prevents all Unnatural Losses
from the system, tones the nerves, strengthens
the muscles, checks the waste, invigorates the
whole system, and restores the afflicted to
Health and Happiness.

The reason so many cannot get cured of Semi-
nal Weakness, Loss of Manhood, etc., is owing
to a condition called **PROSTATORRHEA** with
HYPERAESTHESIA, which requires a pecu-
liar treatment. Dr. Liebig's Invigorator is the
only positive cure for **PROSTATORRHEA**, with
peculiar special treatment, used at the **LIE-
BIG DISPENSARY**.

It purples appear on the face, if you become
listless and despondent look out for the com-
plication with Vital Weakness and loss of Vi-
tality known as **Prostatorrhea**. Hundreds of
lives have been lost for the want of proper
treatment for this complication, and thousands
have lost all their property and pleasure in
life from its effects.

DR. SPINNEY
No. 11 KEARNEY ST.,
Treats All Chronic and Special
Diseases.
YOUNG MEN.

WHO may be suffering from the effects of
youthful follies or indiscretions, will do
well to avail themselves of this, the greatest
boon ever laid at the altar of suffering human-
ity. Dr. Spinney will guarantee to forfeit
\$500 for every case of Seminal Weakness or pri-
vate disease of any kind or character which he
undertakes and fails to cure.

MIDDLE-AGED MEN.

There are many at the age of thirty to sixty
who are troubled with too frequent evacuations
of the bladder, often accompanied by a slight
smarting or burning sensation, and a weak-
ening of the system in a manner the patient can-
not account for. On examining the urinary
deposits a rosy sediment will often be found,
and sometimes small particles of albumen will
appear, the color will be a thin milky hue,
again changing to a dark and torpid appear-
ance. There are many men who die of this
difficulty, ignorant of the cause, which is the
second stage of seminal weakness. Dr. S. will
guarantee a perfect cure in all such cases, and
a healthy restoration to the genito-urinary or-
gans.

Office hours—10 to 4 and 8 to 8. Sundays
from 10 to 11 A. M. Consultation free. Thorough
examination and advice, \$5.

Treats All Chronic and Special
Diseases.
YOUNG MEN.

WHO may be suffering from the effects of
youthful follies or indiscretions, will do
well to avail themselves of this, the greatest
boon ever laid at the altar of suffering human-
ity. Dr. Spinney will guarantee to forfeit
\$500 for every case of Seminal Weakness or pri-
vate disease of any kind or character which he
undertakes and fails to cure.

MIDDLE-AGED MEN.

There are many at the age of thirty to sixty
who are troubled with too frequent evacuations
of the bladder, often accompanied by a slight
smarting or burning sensation, and a weak-
ening of the system in a manner the patient can-
not account for. On examining the urinary
deposits a rosy sediment will often be found,
and sometimes small particles of albumen will
appear, the color will be a thin milky hue,
again changing to a dark and torpid appear-
ance. There are many men who die of this
difficulty, ignorant of the cause, which is the
second stage of seminal weakness. Dr. S. will
guarantee a perfect cure in all such cases, and
a healthy restoration to the genito-urinary or-
gans.

Office hours—10 to 4 and 8 to 8. Sundays
